A BLACK MAN IN IT.

You may talk about the Black Man,
You may name his faults infinite,
But you cannot turn a wheel
That a Black Man isn't in it.

You may block his civil rights,
You may say you are against him;
But before you turn around
Some sharp Black Man will be in it.

You may build your Chinese wall,
You may plan for every minute,
But with all your cunning schemes
Some few Black Men will be in it.

You may form your "lily-white,"
You may kill your bear and skin it,
But when the pie is passed around to bite,
Some shrewd Black Man will be in it.

Be it high or be it low,
From the cock-pit to the Senate,
There is not a place on earth below
That a Black Man is not in it.

So, my friend, just stop your folly,
Draw the thot out now and pin it;
God intends for all to jolly,
So the Black Man must be in it.

You may try the plan of Pharaoh—
Kill the race out, try to thin it,
But when the census roll is called
The Black Man will always be in it.

You may reach the Land of Beulah,
If, perchance, you e'er should win it;
But when you leave here, my brother,
You will find some Black Man in it.

THE TAYLOR DIVORCE CASE.

Thousands of Dollars Lost in the Newspaper Business the Main Cause of Their Trouble—Distressing Charges and Counter-Charges.

Dr. and Mrs. O. A. Taylor's divorce and alimony suit, last week Tuesday and Wednesday, before Judge A. J. Pearson in Common Pleas Court, drew quite a crowd. Mrs. Cresta Taylor had the alimony suit, and Dr. Oliver Taylor countered with a petition for divorce. The former was the plaintiff and the latter defendant. Attys. Harry E. Davis and Selmo C. Glenn represented Dr. Oliver Taylor, while Atty. Alex. H. Martin and John E. Rountree represented Mrs. Cresta Taylor.

While on the witness stand, Dr. Taylor stated that their Crawford Rd. home, valued at $10,000, had mortgages on it aggregating between $6000 and $7000; that he owned five lots in Idlewild, Mich., had an annual income of between $4500 and $5000, and that he left Mrs. Taylor in 1929 without telling her of his intention because he did not want to "create any excitement or disturbance."

Mrs. Taylor on the witness stand said that she paid $500 on the property in installments of $25 each, with money she made from the dispensary conducted in Dr. Taylor's office, having received all profits from same. When Dr. Taylor went West, last year, he left $75 with his lawyer to give to his wife, Mrs. Taylor wiring and telephoning various parts of the country and going to Chicago in search of him. Mrs. Taylor reading from figures, she had compiled from an examination of her husband's office-record after he left her, stated that his income from January to early in July, 1929, was $4,332.05. It developed during cross examination that Mrs. Taylor's acquisition of control of The Cleveland Call was what not only broke the doctor financially, but really broke up their family relations. It was brought out that a note for $372.40 of the Press and Plate Co. against The Call, made while she was its manager and signed by her personally, had to be paid by Dr. Taylor who claims that his total losses as the result of his wife's newspaper experiences with The Call aggregated more than $8000.

Mrs. Taylor admitted that she had been married to a man by the name of Dean from Richmond previous to her marriage to Dr. Taylor, and denied ever having been married to a Dr. Tyler of Columbus, O. With a private detective by the name of Wm. Biddle, whom she hired, Mrs. Taylor charged the doctor with consorting with "certain women." While the defense charged that she was married at the time she wedded Dr. Taylor. When the trial opened, last week Wednesday afternoon, a Mrs. Marie Tyler Kenney testified that Mrs. Taylor and her cousin, Dr. James Tyler of Columbus, came to the house where she was staying and stated that they were married. Dr. Taylor testified that his monthly expenses during the time he lived with his wife aggregated about $500 a month, and added: "If my wife had not gone into the newspaper business (The Call), I could have gotten along financially." It is said that Dr. and Mrs. Taylor are not the only ones to suffer **severely, financially,** because of their connection with The Call. Garrett A. Morgan claims to have dropped more than $8000 while publishing it; Marion Auther lost $5000, it is said, and there are others, too numerous to mention at this time, who have lost large sums of money trying to publish the paper. One thing sure, an awful lot of money has been sunk by various persons of the race in the vain effort to continue The Call's publication.

Dr. Taylor charged his wife with being vicious, extravagant, and said she would get mad and throw dishes on the floor; would not tell the truth, and was indiscreet. Mrs. Taylor countered while on the witness stand with the statement that the doctor had accused her of relations with other men, mentioning three more or less prominent local residents, the name of a fourth person she refused to give, saying it might hurt his career because he was a young man trying to make a reputation. Dr. Taylor took the witness stand and denied having so charged Mrs. Taylor but added that she was indiscreet, referring to the fact that a prominent lawyer who had been his friend for thirty years was accustomed to call at the business place of his wife, every day at noon, except holidays and Sundays, and remained with Mrs. Taylor until from four to five o'clock in the afternoon. He added that he did not think a small newspaper (The Call) would need the services of a lawyer that much; also that the lawyer was not receiving compensation for being there; that a check given the lawyer by Mrs. Taylor for $25 was not cashed for lack of funds; that he insisted that the lawyer collect the amount, which he did not do. He also denied the charge of "consorting with certain women."

Judge Pearson has not as yet announced his decision.

King Tutt Lodge initiated thirty-nine new members, March 22.

IT DOES NOT REPRESENT

FRENCH, SPANISH OR AMERICAN CULTURE, SAYS DR. WM. A. BYRD.

Haiti Does Not Want Education From the Industrial Point of View, "A Race Education of Inferiority" —A Warning to President and Educators!

(Special to The Gazette)

One of the two authorized commissions to Haiti has returned and made its report. **The people of Haiti won their freedom because they were unwilling to be slaves.** Reading between the lines the commission felt that Americans now ruling in Haiti were unfair toward the Haitians, as they stipulate that such Americans that must go there in the future must be free from racial bias. The second Commission of which Dr. R.

Dr. Robert R. Moton.

R. Moton is chairman has not yet arrived in Haiti and there is in the minds of many thoughtful people the feeling that this Commission would better serve the Haitians and this country also by not going. The president of Touissant L'Overture college made the significant statement that the "Haitians had always fostered the highest culture, both French and Spanish." Mr. Hoover's second Commission does not represent either and what is still more significant, it does not represent **the highest American culture.** In fact it is believed that this commission was formed to go over to Haiti to view the educational situation from **the industrial point of view.** As much as this country admires the work being done at Tuskegee, it is unwilling to subscribe to that kind of education as the basis of development for **ITS** youth. This country has given its approval of that industrial training for Negroes but it does not subscribe to it **for the other groups.** The personnel of the Moton Commission is predominated by Tuskegans and the other colored member is a representative of a southern religious school. Upon any test vote of disagreement among the members of the commission as to educational policy for Haiti, the Tuskegee side would prevail. Haiti is unwiling to have "a race educaton of inferiority." All races have become great by reason of the culture and learning of its literary folks. Industrialism is necessary but must be guided by cultural training if it is to serve its purpose. Negroes in America are not hostile to industrial education but when it is made the standard of education for their group while others receive both, with sufficient funds to maintain them, they rebel and like the Haitians say we want what all other races have received that made them culturally great. President Hoover did not add to his prestige among Negroes when he accepted and commissioned a group of men to report to him the policy of education the Haitians should have and confined his choice to men living south of "Mason and Dixon's Line" who by reason of their environment will and must render a report that is in keeping with that environment. As much as we admire the work of educators of the south yet we do not accept their point of view of education as touching the Negro group. We are only satisfied with the best cultural training and also industrial training this country gives to any group. We resent the implication of inferiority, hence the education that is given to inferiors. The Haitians will not accept the Tuskegee standard of education. It is high time that Presidents, educational boards and benefactors of education realize that the north, east and west **are not going to accept the policy of the south, toward the Negro, in anything.** The southern attitude towards Negroes in everything **must be fought and opposed as was slavery of the last century.** Politicians, educators, social workers and even leaders of the church might as well know **now** that real men of color will not be guided by men who **because of their environment cannot be free** but in order to live and prosper where they are must accept in silence the infamous insolence and brutal treatment of southern whites who boastingly prate about their practices. Like the women in Haiti **some of us prefer death** to the intolerable state of quasi-slavery. It is now time that the millions of Negroes in this country be consulted about the things they desire. When the south con-

Dr. William A. Byrd.

cedes **political, educational, religious and economical equality** to colored men and women then will the colored men and women living in the South be in position to voice the feelings and sentiments of their racial group everywhere for then **their manhood shall have been restored to them.**

FAVORS MARINES LEAVING HAITI

President Hoover Approves Gradual Withdrawal and Proper Recognition of the Country.

Washington, D. C.—President Hoover, last week Thursday, adopted as his administrative policy the gradual withdrawal of the U. S. Marines from Haiti and the substitution of diplomatic relations for the present miserable military commission. The recommendations of the Forbes commission to this effect, which further suggested recognition of a provisional government, were accepted by the chief executive only two months after the appointment of the group to study U. S. policy in the island republic. With immediate withdrawal of the marines found inadvisable, the commission recommended gradual withdrawal in accordance with arrangements to be made between the two governments and with the advice of the commandant of the Haitian Garde. A minister would be assigned to Haiti to succeed Maj. Gen. John H. Russell, American high commissioner, "the Dictator," at the expiration of his tour of duty Russell's term is limited by the pleasure of the president, or by the treaty authorizing marine occupation, which lapses in 1936. Also, under the recommendations, the minister would be charged with negotiating agreements "providing for less intervention in Haitian domestic affairs." The commission recommended that the detail of naval and marine officers for all Haitian services be made for a minimum of four years. Further, it recommended that "an effort be made to secure Americans who will agree to continue employment in these services, so that upon the expiration of the treaty a force of American doctors, engineers, and police officers will be available for continued assistance to the Haitian government, should it then desire it."

DuBois' Daughter Divorced.

Paris, France.—A divorce was granted here, March 27, to Nina DuBois, a Baltimore school-teacher and wife of the poet, Countee Cullen. She charged desertion. The Cullens were married in Brooklyn, April 28, 1928. Cullen, son of a New York clergyman, came to Paris as winner of the Guggenheim fellowship.

Sentenced for Peonage.

That portion of the City Charter which provides that councilmen must not interfere with city appointments is violated so often that it is a joke as a matter of fact, as Ralph J. Donaldson of The Cleveland Daily Plain Dealer well knows.

When "The Blossom Triplets" named Col. Sidney B. Thompson as their first choice for appointment as superintendent of the garbage plant, week before last, they named Seth Nickens as their second choice, abandoning the Ormond Forte candidacy for the place. When the Republican leaders notified them of their acquiesance in the choice of Thompson, "The Blossom Triplets" backed down and again went to the support of the Forte candidacy. Forte hasn't a chance for the job, having nothing of a political nature to recommend him and entirely too much in condemnation of his candidacy. Wallace A. Stokes, a veteran of the World war and adjutant of Lemuel T. Boydston Post, American Legion, is the logical Afro-American for the place, because he has in his favor fourteen years' experience as an employee of the garbage plant, a number of these years, acting superintendent.

"THE BLOSSOM TRIPLETS."

The following is from Sunday's Cleveland Daily Plain Dealer and is self-explanatory:

"Harry C. Smith, veteran colored publisher, is conducting a relentless campaign against the three colored councilmen, Leroy N. Bundy, Clayborne George and Lawrence O. Payne. Every issue of Smith's paper, The Gazette, contains denunciation of the councilmen because they did not force City Manager Daniel E. Morgan to fire Welfare Director Dudley S. Blossom. Smith has been campaigning against Blossom because colored doctors and nurses were not permitted in City Hospital.

"In every issue of the paper Smith refers to the councilmen as 'the Blossom triplets,' and accuses them of betraying their race for the sake of a few jobs. The last issue berates them for not getting colored employes in the Civil Service Commission and the treasurer's office and also accuses them of holding up the appointment of a colored superintendent of the garbage plant by continuing to support Ormond Forte, now assistant superintendent, after Republican leaders, according to Smith, have said that Forte will not be appointed because he was allied with the Progressive Government Committee.

"The city charter still contains a provision that councilmen shall not interfere in appointments, and Service Director Rees H. Davis said, yesterday, that he had no intention of removing A. M. Crutch as superintendent of the garbage plant."

Ralph J. Donaldson, political writer for the Cleveland Daily Plain Dealer, very kindly calls the editor of The Gazette's attention to the fact that there is a provision in the City Charter which says that "councilmen shall not interfere in appointments," and yet "The Blossom Triplets" (Councilmen George, Payne and Bundy) claim credit for securing the appointment of Harvey Atkins to a clerkship in the city clerk's office, L. L. Yancy (to be appointed) to a clerkship in the city treasurer's office, the appointment of a colored nurse in the City hospital, and have openly announced their endorsement of one Ormond Forte ("Negro") for superintendent of the garbage plant and have been working "over-time" for weeks in a vain effort to secure his appointment.

"The Blossom Triplets" pledged voters of their districts, during the campaign last fall, to do all in their power to secure the ousting of City Manager Wm. R. Hopkins and City Welfare Director Dudley Blossom. They acknowledged the "mandate" from their constituents to do these very things, and yet, on the earnest solicitation of City Manager Daniel E. Morgan and Director Dudley S. Blossom "waived" their opposition to the latter's re-appointment by Morgan and broke faith with their constituents and the rest of the colored people of this community. If this is not the rankest of betrayals of their race in this community "for the sake of a few jobs," Mr. Donaldson will please tell us what is.

"The Blossom Triplets" claimed to have been promised the Atkins clerkship in the city clerk's office, one in the city treasurer's office, and one in the office of the City Civil Service commission, as well as other jobs, and their endorsement of Forte for the superintendency of the garbage plant HAS held up for many weeks the appointment of Superintendent A. M. Crutch's successor.

"The First Great American Actor!"

Berlin, Germany.—Paul Robeson, taking the title role in Eugene O'Neill's "The Emperor Jones," is being hailed by German critics as "the first great American actor seen in Germany." The performance of the actor carried Berlin by storm, and an audience that included many famous German theatrical celebrities gave extravagant applause to Robeson.

Sentenced to Chain Gang.

Winston-Salem, N. C.—M. H. Powers, district organizer of the Communist party, has been sentenced to three months in the chain gang on a framed-up charge of "carrying concealed weapons." The real reason back of this charge is the militant fight put up by the Communist party for the unemployed. The southern bosses particularly resent the Communist demand for social equality for our people.

"In Clover" Abroad.

Paris, France.—Joe Caulk and Kil Cole of Baltimore and George Archer of Chicago, who played many years at the Palmero, are at Cannes. Noble Sissle and his band are at Monte Carlo. "The Blackbirds" Orchestra, which played last year at the Moulin Rouge, is at Hotel Negresco, Nice. Albert Smith, painter and banjo artist, is playig at Cannes. Henry Crowder, formerly of "The Plantation", is playing in a cabaret near the Odeon, here.

Cobb Decided a Case Against Blease.

Washington, D. C.—Just ten days prior to the recent futile attempt of U. S. Senator Cole Blease of South Carolina to prevent the confirmation of Judge James A. Cobb as a judge of the municipal court of the District of Columbia, Cobb handed down a decision against the fiery Senator, ordering him to pay on Mar. 21, '30, to the Industrial Loan Bank of South Carolina $186, with interest from March 4, 1925, and to pay the court costs.

Racial Superiority a Myth.

Memphis, Tenn.—That racial superiority is a myth was the opinion expressed by Rabbi Ferdinand Isserman of St. Louis in an address here, recently, before the Men's Club at Poplar Ave. Temple.

"No race is superior to another," declared the speaker. "The difference between the barbaric races and the civilized races is not one of quality but of time. A race is not inferior, only backward, and the backward races of today may be the custodians of the culture and learning of the world tomorrow."

In the recent trial of an action (to quiet the title to some valuable real estate) before Judge Fred H. Wolf of Napoleon who was sitting in our common pleas court on order of the state supreme court, Ex-State Senator John P. Green beat the record, by announcing himself ready and trying and gaining his case, alone—without his client or any witness. Under Senator Green's objections the opposing party, who with her attorney was in court, failed to answer any questions, was beaten and the judgment rendered for Mr. Green's client.

"In my sixty years' practice at the bar, I have never had such a unique, successful result, under similar circumstances," says the Senator.

THREE BOYS NEED HOMES

As a result of unemployment the Cleveland Humane Society has the largest number of children on its boarding list in its fifty-seven years of service, and unless it can move the children from boarding homes into permanent homes and make place for children from the institutions, a serious problem is created for all the children's agencies. The Society is making a special effort to place a large number of boys and girls from 14 to 16 years old in normal, free and wage, family homes where they can earn a part or all of their board, and assist in their personal expenses. Among them are three promising boys of our race who need good homes where they may have opportunities for development.

Edward, ambitious and dependable, shows marked mechanical ability, has managed a grocery store and is a good salesman. The lad is thrifty and is trying to save some money. Edward should be placed in the home of a mechanic or an intelligent man who would interest himself in the boy's mechanical development.

James, also age 16, is an ideal boy for a truck farm. At present he too is in Bedford in the first good home he has had. James needs a good, free or wage home in the country where he can work under the supervision of an older man who will teach him.

Harry, age 11, is a regular boy, affectionate, easy to manage, nice looking, strong and well. He is a favorite among his playmates and very dependable. Harry would adjust well in a small town or in a suburban locality where he can complete his education and assist himself.

The Humane Society believes that there are intelligent, socially-minded people of our race who could open their homes to these boys to their own advantage as well as to the advantage of the boys, and by so doing give them a good home and an opportunity to help themselves. Persons interested are requested to write Miss Amy Thomas, 520 Federal Reserve Bank Bldg., Cleveland, O., or call her at MAin 8382.

OHIO'S MOB VIOLENCE ACT

OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of The Gazette, just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws, in recent years, like Pennsylvania and New Jersey. The Ohio law follows:

MOBS.

Section
6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching.
6283. Person suffering death or injury by mob trying to lynch another.
6284. Limitations of action.
6285. Order to include recovery and costs in tax levy.
6286. Guardian's custody, etc., fees.
6287. County's right of action against member of mob
6288. County's right of action against another county.
6289. Non-relief from prosecution.

Section 6278. A collection of people assembled for an unlawful purpose and intending to do damage or injury to any one, or pretending to exercise correctional power over other persons by violence and without authority of law, shall be deemed a "mob" for the purpose of this chapter. An act of violence by a mob upon the body of any person shall constitute a "lynching" within the meaning of this chapter. (93 v. 161 2.)

Section 6279. The term "serious injury," for the purpose of this chapter, shall include such inquiry as permanently or temporarily disables the person receiving it from earning a livelihood by manual labor. (93 v. 161 3.)

Section 6280. A person taken from officers of justice by a mob, and assaulted with whips, clubs, missiles or in any other manner, may recover, as hereafter provided, a sum not to exceed one thousand dollars as damages from the county in which the assault is made. (93 v. 161 4.)

Section 6281. A person assaulted and lynched by a mob may recover, from the county in which such assault is made a sum not to exceed five hundred dollars; or, if the injury received therefrom is serious, a sum not exceeding one thousand dollars; or, if such injury result in permanent disability, to earn a livelihood by manual labor, a sum not to exceed five thousand dollars. (93 v. 12 5.)

Section 6282. The legal representative of a person dying from injuries received from lynching by a mob, may recover of the county in which such injury occurred, a sum not to exceed five thousand dollars damages for such unlawful killing. Such sum shall be applied to the maintenance of the family and education of the minor children of such person so lynched, if any survive him, until such children are of legal age, and then be distributed to the survivors, share and share alike, the widow receiving an amount equal to a child's share. If there be no widow or minor children surviving such decedent, such sum shall be distributed among the next of kin according to the laws of the distribution of the personality of an intestate. Such sum so recovered shall not be a part of the estate of such person so lynched, nor be subject to any of his liabilities. (93 v. 162 6.)

Section 6283. A person suffering death or injury from a mob attempting to lynch another person shall come within the provisions of this chapter. He or his legal representatives shall have a like right of action as one purposely injured or killed by such a mob. (93 v. 162 6.)

Section 6284. Action for the recoveries provided for in this chapter must be commenced, within two years from the date of such lynching, in any court having original jurisdiction of an action for damages for malicious assault. (93 v. 162 7.)

Section 6285. An order to the commissioners of a county, against which such recovery is had, to include it with the costs of action, in the next succeeding tax levy for such county, shall be a part of the judgment in every such case. (93 v. 162 8.)

Section 6286. If the decedent so lynched has minor children surviving him, the fund shall be turned over to a regularly appointed guardian. Such guardian shall administer such fund under the direction of the probate judge, allowing not more than five hundred dollars for counsel fees in the action for such recovery. (93 v. 162 9.)

Section 6287. The county, in which a lynching occurs, may recover the amount of a judgment and costs against it in favor of the legal representatives of a person killed or seriously injured by a mob from any of the persons composing such mob. A person present, with hostile intent, at such lynching shall be deemed a member of the mob and be liable to such action. (93 v. 162 10.)

Section 6288. If a mob carries a prisoner into another county, or comes from another county to commit violence on a prisoner brought from such county for safekeeping, the county in which the lynching is committed may recover the amount of the judgment and costs from the county from which the mob came, unless there was contributory negligence on the part of officials of such county in failing to protect such prisoner or dispurse such mob. (93 v. 163 11.)

Section 6289. This chapter shall not relieve a person concerned in such lynching from prosecution for homicide or assault for engaging therein. (93 v. 163 12.)

OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of The Gazette we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor had enacted while a member of the 71st General Assembly, in 1894:

The General Code of Ohio:

Sec. 12940. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.

Sec. 12941. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundreds dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law has repeatedly been held constitutional and good law by the Ohio Supreme court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, under it, in the courts.

The recent rumor that Isaac E. Oliver, E. 74th St., an old resident, had dropped dead, seems to be untrue, since a card received, the first of the week, signed "I. E. Oliver," and then the name crossed out, announces that our long-time friend is very much alive.

Early in the morning of March 15, about 6 o'clock, after a little wordy altercation between Gertrude Hairston and Ed ("Butch") Davis during which the girl threw a glass of water in the man's face and he in retaliation is said to have hit her on the head with a water-pitcher, the contest degenerated into a dish-throwing affair. Total damage: one window glass, six sugar bowls, four flower vases, one hat rack, eighteen dishes and six water-glasses. All this took place in the Oberlin dining room at the Hotel Majestic, conducted by Mrs. Pearl Chambers. In municipal court, Judge Martin L. Sweeney imposed a sentence of costs and 30 days (days suspended) for assault and battery, and costs and ten days (days suspended) on condition that "Butch" make good the damage, on the destruction of property charge.

The trouble with modern education is that it reaches the mind only and not the emotions, President Gilbert H. Jones, president of Wilberforce University, said, Sunday night, in an address at Mt. Physical, economic and racial freedom must come before there can be complete spiritual freedom," said Prof. Jones.

The Illustrated Feature Section, which some of our weekly publications are using, is gotten out by the W. B. Ziff Co., "Publishers' Representative", of Chicago. It is supposedly "a co-operative enterprise" but is simply a scheme with which the Jewish firm benefits MOST and uses the circulation of our publications so misguided as to use The Illustrated Feature Section. "Cut it out, brethren!" It seems strange that any of our papers can be so easily duped and taken advantage of.

After that he may be transferred to the Ohio Penitentiary. The other defendant, Penny Ross, age 22, was sentenced to the penitentiary for the rest of his life. Two other persons implicated in the holdup were held as material witnesses and charged with robbery.

Connie's "Hot Chocolates" at The Ohio theater, this week, as far as singing, dancing and comedy are concerned, are certainly holding up the splendid reputation they brought to Cleveland from New York City. There are several beautiful scenes and much special work from individual members of the company, in which Baby Cox, Edith Wilson, Billy Higgins, "Jazz-Lips" Richardson and Billy Maxey lead. The chorus work and ensemble dancing of both male and female members of the company are fine. So is the work of the orchestra, under the direction of Russell Wooding. Connie's "Hot Chocolates" are surely the real thing. They packed the Ohio theater, all week.

"The Blossom Triplets jim-crow colored Republican league of Cuyahoga county" had another small meeting at the P. W. A., last week, Friday night, scouping in a few dollars by charging a one-dollar membership fee, it is said. This is more than is charged by the League of Republican clubs of Cuyahoga county which has been in existence for ten or fifteen years and numbers among its members voters of about all the local groups or classes in this community. Those who attended the meeting at the P. W. A., last week Friday night, were enticed there by an invitation to dine and were entertained with talks against the manager plan and in favor of the mayor plan of city government.

The weight-limit for trucks using the paved streets of the city is 10 tons, 12 tons being the maximum limit in some cases, according to the city clerk's office. Two and three trucks almost as large as small bungalows and each weighing far in excess of the weight-limit, hauled by a tractor, some of them from Akron, Canton and other cities and towns immediately south of Cleveland, pass through E. 30th St. daily and frequently during the night. They are rapidly ruining pavements which cost Cleveland and its taxpayers many thousands of dollars. Is there no relief from this unnecessary and very costly experience? Where are the city's guardians, the police, that no arrests are ever made? Ask City Manager Morgan!

Representatives of national groups under the dominion of Austria-Hungary before the World War, joined with the Hungarian Progressive League, Sunday night, in a banquet at Hungarian hall in Buckeye Rd., celebrating the works of Louis Kossuth, Hungarian statesman and patriot ,and Alexander Petofi, Hungarian poet and warrior for freedom. The keynote of the celebration was freedom and toleration for all races and creeds. Councilman L. N. Bundy, one of "The Blossom Triplets," and Atty. Alex. H. Martin spoke for our people, Bundy presenting a gold medal to Mrs. Mary Ladd, a Hungarian, who gave succor to a youth of the race who fell upon her doorstep when chased from Woodland Hills Park, year before last.

LITTLE GIRLS' COATS TELL A STORY OF NEW COLORS AND FANCY WEAVES

LITTLE folks coats "say it" with color this season. Whether the juvenile coat be of lacy tweed, of basket cloth or of flannel or a similarly smooth surfaced weave, color is the first consideration.

Emphasis is placed first of all on lovely springlike green tones. Smart indeed is the coat of soft green cloth which is neatly tailored in the regulation style, with double-breast fastening, notched collar and self-fabric belt. Pastel tweed mixtures also are favored media for these simply tailored coat models. These include yellow, rose, and blue effects, some of the weaves being lacy and light in weight.

The coat in the picture departs from the strictly tailored type in that it indulges in a collar whose widened lapels are bordered in two-color effect. The body of this coat is of a navy and white tweed mixture, the flannel bordering repeating these colors. A note of particular interest is the broad brimmed hat which foretells a millinery trend which will be observed increasingly with the arrival of mild spring and summer days. This vogue for wide brims has revived interest in large picturesque leghorns for children, as well as shapes of finest Milan straw.

In regard to children's coats the mode is expressing itself in two directions: one which features, as already mentioned, the strictly tailored type usually double-breasted and with notched lapels. Every whit as important, however, are the new caped versions. Indeed, in discussing spring fashions for the younger generation, too much cannot be said on the subject of the coat with a cape. The princess silhouette offers still another angle in regard to stylish coats for young fashionables.

Shallow capes which fall just over the shoulders vie with capes of waistline depth. In fact, all sorts of cape variations enter into the junior coat mode. JULIA BOTTOMLEY.

ARTISTRY IN LAVISH LACE WORK DISTINGUISHES BOUDOIR MODES

LACE, lace, lace and then some—speaking in regard to those exquisite intimate garments of the boudoir, the lure of which no normal-minded woman can or even cares to resist.

With all the lavishment of lace which goes to enhance lingerie and negligee types of the present mode, the fact is outstanding that quality is not sacrificed to quantity. For ordinary laces there seems no place in the scheme of boudoir fashions. Even the laces on the less expensive garments are amazingly fine and lovely, while the higher priced garments are garnitured with laces the beauty and finesse of which cannot be told in words.

Not only does the loveliness of the laces employed call for admiration, but one is impressed with the artistry displayed in lace work as it enters into the creation of boudoir ensembles, of nightrobes and daytime negligees, of the new costume slips which after so long a time without lace are again lavishly lace-trimmed, and especially the cunning little ingenue dance sets which youth so adores.

A fascinating story of lace is told in the picture herewith of a boudoir ensemble made of shell pink satin. The mellow-toned antique alencon lace which so generously borders its hemlines, is adroitly worked in, until it becomes a very part of its background. This method of cutting around the lace design, then insetting it into the silk or satin of the garment is a favorite treatment this season, and as the picture shows it is wonderfully effective.

The long-coat pajama ensemble as here shown bespeaks that which is most chic and charming in lingerie modes. In fact the coat or jacket set is highly important in its varying moods and combinations such as the costume slip with its matching jacket or the sleeveless nightgown complemented with a bed jacket of self materials.

The vogue for deeply toned laces in the lingerie realm is on the wane, according to latest word from Parisian style headquarters. Not that white laces have returned, but fancy is turning to laces of creamy and light beige tints. Pale rose beige and very light castor shades continue in vogue. There is also a growing tendency to tint the lace to match the fabric it trims.

RIGHT-OF-WAY IS OFTEN PUZZLING

In Many States Courts Will Rule in Favor of Car on the Right Hand.

When two motorists, driving at right angles to each other, meet at an intersection, some skillful bluffing sometimes takes place. Frequently, the bolder of the two secures the right of way.

Right-of-Way Law.

Should a collision occur, however, courts in those states where the right-of-way law prevails will rule in favor of the vehicle approaching from the right, and against the car owner on the left, according to the law department of the Chicago Motor club, which declared that the courts hold the right hand right-of-way rule in high regard.

Many states have incorporated this right-of-way regulation in their motor vehicle laws. The regulation provides, in substance, that motor vehicles traveling upon public highways shall give the right-of-way to vehicles approaching along intersecting highways from the right and shall have the right-of-way over those approaching from the left. This regulation does not apply, however, where main highways and secondary highways intersect, nor at the intersections of through streets and ordinary thoroughfares. The stop signs or other regulations in force at those points shall indicate the right-of-way.

Excerpts From Decision.

As an example of the manner in which courts decide right-of-way cases, the motor club law department cited excerpts from the decision of the Illinois Appellate court in the case of Johnson vs. Duke. A large touring car being driven east, according to the evidence, came to an intersection and collided with the left side of a truck being driven north. Part of the decision follows:

"Under the circumstances appellee (the truck owner) had the right-of-way. While this right would not relieve him from the duty of exercising due care, he was entitled to assume that persons approaching on his left would observe the law and respect his right."

Motor Bus Now Fixture on Streets of Warsaw

Five years ago motor busses were a failure in Warsaw, Poland. During 1925 only 740,000 passengers were carried on all the lines, which had gradually dwindled in number since their establishment in 1920. Today Warsaw's new bus system, inaugurated in June, 1928, carries more passengers in one month than it did during all of 1925.

Bad equipment and bad streets were responsible for the failure of the original lines. It was quite natural that the people preferred the smoother riding tramways, even though they were and still are crowded with straphangers like the New York subways at rush hours.

Night Driving Assisted by Efficient Headlights

Motorists who use radiator glycerin antifreeze in their cooling systems find that it is often helpful to have a small bottle of the solution handy in the pocket of the car. Among the many uses found for the substance is that of making headlights more efficient during rainy weather. Each drop of water or particle of ice forming on the glass acts like a tiny lens, and the light rays are reflected in all directions. A few drops of glycerin applied to the headlight lens will help to keep the glass free from collected moisture and result in better light and a clearer view of the road.

THE MOTOR QUIZ

How Many Can You Answer?

Q. How many automobiles entered the national parks in 1928?

Ans. According to government reports, 595,000.

Q. What countries bar the use of certain automobile body colors and why?

Ans. China bars red on account of its religious significance, while Spain prohibits the use of blue because it is the color of the royal family.

Q. Why should spark plugs be securely screwed into the cylinder after installing new ones or cleaning?

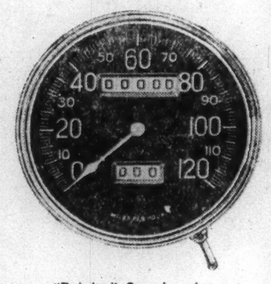
Ans. This prevents hot gases from escaping between the plug and cylinder threads, which would cause the plug to run too hot, resulting in loss of power.

Q. How many automobiles were junked in 1928?

Ans. More than 2,213,000.

Indication of Speed Is Obtained by a Pointer

A new "pointer" type speedometer was introduced at the recent New York and Chicago automobile shows. Indication of speed is obtained by means of the pointer, which moves around a full circle scale, similar to that of a clock.



"Pointer" Speedometer.

At 60 miles an hour, for instance, the pointer would be in the twelve o'clock position of hands on a clock. Thus speed may also be known simply by the position of the pointer.

HOW THEY DID IT!

"I Want to Commend Your Steadfast Refusal (the Editor's) to Confer With Blossom. That Is Where "The White Man" Gets the Negro—in Private Conference Two to One—Two White Men—One "Negro", and He Is Hobbled to Fit the White Man's Program!!!"—Rev. Geo. Wilson Brent (white), Madison, N. J.

DUDLEY S. BLOSSOM

Bundy.

D.E. MORGAN

"THE BLOSSOM TRIPLETS".

It does not seem possible that three persons, candidates for office in quest of votes, could possibly go thru several weeks of campaigning, day and night pledging the voters that, if elected, they would do **all in their power** to oust a man from office who had denied them and their people, of all the population of a great city like Cleveland, **rights** and **privileges** (in a **public** institution) in a **most insulting manner**, and then **fail to do so**, with victory in their hands—only dependent upon their **keeping their pledge** to the people **who elected them.** And yet that is exactly what Councilmen Clayborne George, Leroy Bundy and Lawrence Payne **did** in the case of City Welfare Director Dudley S. Blossom, when on Monday, Feb. 17, '30, they "waived **their** opposition", —not ours—and City Manager Daniel E. Morgan, knowing the condition of affairs thoroly, so flagrantly insulted all of our loyal, self and race respecting people in this city by appointing Blossom, city welfare director. All three councilmen, in a conference with the editor of **The Gazette** about ten days previous to Feb. 17, '30, **freely admitted** they had a "mandate" from our people of their districts to oust Blossom from office for his most miserable treatment of them. The statement that "Manager Morgan would have appointed **him, anyhow**" **is not true.** That fact he made clear in a conference with the editor of this paper. And even if it were true, which was not the case, even **that** would **not** excuse them for **breaking their pledge** to our people of their districts and all the rest of the city, because when they "waived" their opposition to Blossom, they were **not keeping but breaking their pledge and ignoring the people** and the pledge they so often and so loudly proclaimed, day and night, in public meetings during last fall's campaign. It is **an unpardonable act** for which Bundy, Payne and George will **be made** to atone, if they dare to face the electorate of their districts again, next year, seeking re-election. Our people of this community had a somewhat similar experience in the case of Councilman E. J. Gregg upon whom they visited a **stinging** defeat at the polls, last fall, because of his sad exhibition of disloyalty when he voted for a white Democrat in preference to one of his own people. Our people, especially the intelligent ones, will not condone such flagrant disloyalty, to the race, in their public servants, especially those of color. They have to work too hard to elect them to office to quietly submit to such shameless mistreatment, and Councilmen Payne, Bundy and George will be made to recognize this fact, **next** year in the fall, should they stand again as candidates. Nor will our city manager be forgotten when the opportunity affords.

The Truth!

What would cause other people to gnash their teeth and gird their loins is question of debate for us. Kick us, beat us, pile depredations upon us, revile us, abuse us, lie about us, malign us and even impugn our valor and we are not unanimously insulted. It seems impossible to establish unanimity of insult in the black race.—Chicago (Ill.) Whip.

IS IT ANY USE TO CONTEND FOR RIGHTS?

Colored Americans are the only race, responsible members of which are in favor of submitting to discrimination on the claim that their race "always will be discriminated against." The Jews are still contending, after over 1900 years of universal discrimination, and are winning even social rights today. The Irish at home have contended for 700 years and are winning because they will die rather than submit. The race that says it's of no use to resist, downs itself and the world then will say, "Negroes are not worthy of equal rights; they are by nature without self-respect and have no 'guts'." The world respects only those who resent and resist proscriptions for race.

Let us be worthy of the abolitionists, worthy of our own fathers who have died in every war to vindicate the title of their race to equal liberty, and forever resist denial of rights in our native land, however long race discrimination may continue. To submit is to deserve contempt.—Boston (Mass.) Guardian.

"THE TRIPLETS'" ANTICS.

"The Blossom Triplets," Councilmen George, Payne and Bundy, endorsed Ormond Forte for the superintendency of the garbage plant. Being told by the leaders of the local Republican organization that Forte would not be appointed because he not only failed to support the organization side of the controversy, last fall, but aided the Progressive Government Committee in its campaign, and for other good and sufficient reasons, they then switched to the support of Sydney B. Thompson for the job. When the local Republican leaders informed "The Triplets" that they would O. K. Thompson's appointment, "The Blossom Trio" withdrew their support of Thompson and announced the renewal of their support of the "Forte lost cause." All of which is **very** amusing. Other names mentioned in connection with the appointment of Sup't Abe Crutch's successor are Seth Nickens and Wallace Stokes, veteran of the World War, adjutant of Lemuel T. Boydston post and for fourteen years in charge of the garbage plant, some years ago, as acting superintendent of the same. As we said in our last issue, "The Blossom Trio or Triplets", who still do not seem "to know what it is all about," will continue their foolish course in this matter of the appointment of a superintendent of the garbage plant until the local Republican organization leaders, as a result of disgust, will give that $3500 a year job to some white Republican, and that will settle it. The appointment of Stokes to the position seems to us to be the **logical** one, and if "The Triplets" are wise they will urge the World War Veteran for the place, at once.

THEY BLAME DAVIS.

"The Blossom Triplets" blame the Hon. Harry E. Davis, a member of the Civil Service commission, for the loss of the clerkship in that department of the city service, promised them for "waiving" their opposition to the reappointment of City Welfare Director Dudley Blossom, and **vainly** trying to waive ours, too. There are three members of the commission and Davis is only one of them. It does not seem hardly fair for Councilmen George, Payne and Bundy to place all of the blame at his door. As a matter of fact, "The Blossom Triplets" are to blame, just as they are to blame for holding up the appointment of a member of the race as superintendent of the garbage plant, a $3500 a year job, and for their failure to get the other "promised" job, the clerkship in the city treasurer's department. When they permitted City Manager Daniel E. Morgan and City Welfare Director Dud. Blossom to talk them into ignoring their "mandate" to oust Blossom from office, given them by their constituents, last fall during the campaign, "The Blossom Triplets" lost the standing with Morgan and the local Republican leaders they **should** hold, today. As it is, they are but putty in the hands of these local Republican leaders who treat them as they please, and possibly as they should be treated in view of their support of the Blossom appointment contrary to the demand of our people, the great mass of their constituents.
